

Navigating Peripartum Depression: Strategies and Solutions

PROGRAM GOAL

This course will educate on the DSM-5-TR diagnostic criteria for depressive disorders, including those during and following pregnancy. Assessments for depression and suicidality will also be explored. Evidence-based treatment options and best practices regarding treatment while pregnant and breastfeeding will be discussed.

LEARNING OUTCOMES

At the close of this activity, participants will be able to:

- Explain the DSM-5-TR criteria for depression disorder with peripartum onset to my healthcare team
- Apply evidence-based recommendations for screening for peripartum depression and suicide risk in my healthcare team environment
- Implement coping and support strategies related to peripartum depression in my member care practices

TARGET AUDIENCE

• Nurses • Social Workers • Physicians • Psychologists • Case Managers

REGISTRATION

This course is accessible through www.centeneinstitute.com. Once you have registered as a new user, navigate to the Activity Catalog. In the Activity Catalog, search for the course title and register by clicking on **ENROLL NOW**.

AGENDA

0 min – 26 min: DSM-5-TR criteria for depressive disorders

26 min – 50 min: Evidence-based recommendations for screening for peripartum depression and suicide risk

50 min – 75 min: Healthcare team interventions

SPEAKER INFORMATION

Katherine Barber, LLC, is a Senior Clinical Trainer for PHCO-Behavioral Health at Centene, bringing nearly 20 years of experience across diverse healthcare settings. Over the past three years, she has specialized in clinical training, designing and delivering a range of behavioral health programs tailored to meet the needs of various learners.

CERTIFICATE OF COMPLETION

The completion of a post-evaluation will serve as the final step of completing the course. After successfully completing the survey, the certificate will be available for immediate download and printing.
